

STOP! DO NOT COMPROMISE OUR ALREADY INDECENT DECENCY STANDARD FOR PUBLIC AIRWAYS.

WHY WOULD YOU EVEN CONSIDER RELAXING THE DECENCY STANDARD, which are already too lax.

PEOPLE WHO WANT TO EXPERIENCE PROFANITY, NUDITY AND PORNOGRAPHY HAVE PLENTY OF ALTERNATIVES, vastly more than when standards were last debated.

There is absolutely NO NEED TO FURTHER ERODE THE CIVILITY of what is already push on us through the media just to satisfy the pestering of a minority. I believe that the vast majority of Americans are offended by much of the current content and would bristle at the very thought lowering the standards.

We all know that it is impossible to shelter our children from so-called adult material being delivered through the media short of not having a TV in the home. Even then, it impossible to control what is available to them in their friends' homes, schools or other public places to which they have access.

PLEASE DO NOT GET SUCKED INTO ANY COMPROMISE BECAUSE OF PRESSURE FROM A SMALL VOCAL SEGMENT OF OUR SOCIETY. They do not represent the vast majority. Their motives are clandestine. They don't need more outlets to satisfy their need for uncivil entertainment. KEEP THE PUBLIC MEDIA FREE FROM OFFENSIVE AND "UNADULT" MATERIAL. It is an essential component in preserving decency and preventing the exposure of our children prematurely to content they do have the maturity to process or the ability to choose otherwise.
